

.....  
**Subject:** Clarifications regarding advertisement in view of guidelines issued on 30.6.2023

Dear Sir/Madam,

The University has received many representations/clarifications related to advertisement (Fresh and Corrigendum) to be given in the newspapers as per SOP issued on 30.06.2023. The matter has been considered by the University and it is clarified that the format of advertisement given in the SOP is bare minimum, however, the Management/Principal of the Institution may add in the advertisement, the terms and conditions, nature of post and other related important instructions stipulated by the respective Government or Director Higher Education.

It is also requested that the Principal of the concerned college may intimate the date of advertisement and the last date for receiving Applications so that the online link of the software made operative accordingly and the same may be supplied at least 3 days prior from the date of publishing of the advertisement

It would be appreciated that corrigendum and fresh advertisement be issued at the earliest to comply with the conditions of the affiliation.

Warm Regards,  
Deputy Registrar(Colleges),
